User Guide for USB Tour App
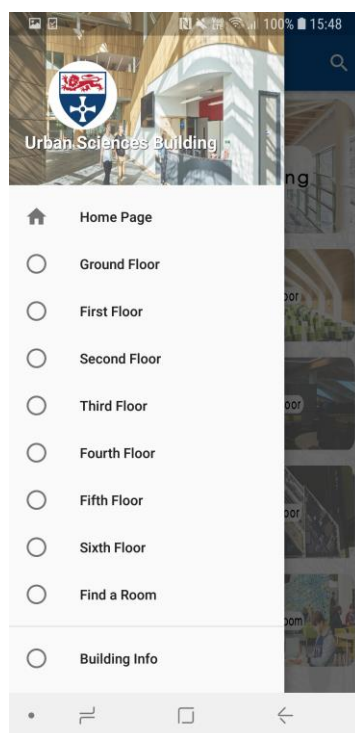

Contents:

Navigating to Floors
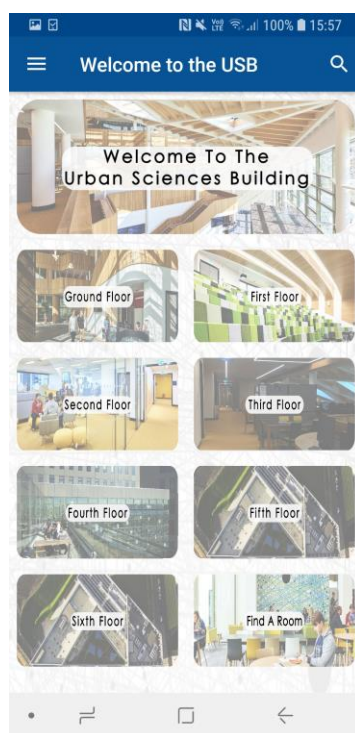

If you are on the home page of the app, press the relevant button for the page you want to go to.

Alternatively, either by pressing the hamburger icon on the top-left of the screen or swiping left-to-right, you can access the navigation menu. Press the option relevant to which floor you are wanting the page of.
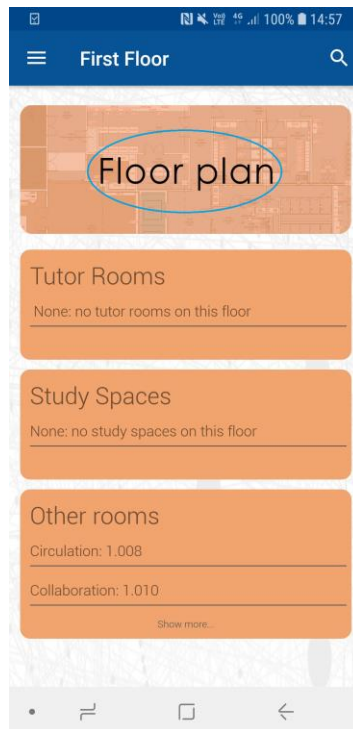

Your screen will now display information about the floor, including a floor plan, list of tutors whose office is present on that floor, a list of study spaces and other rooms.
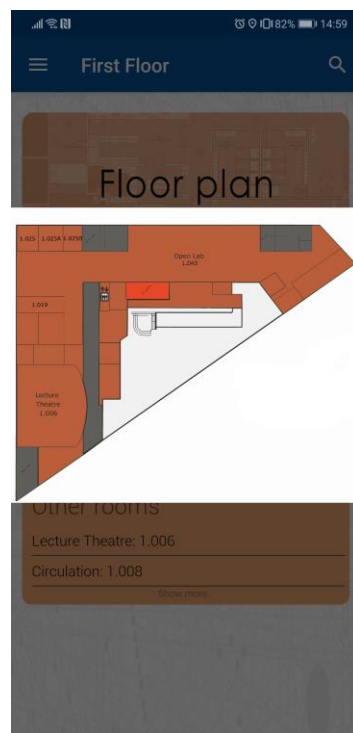

View Floor Maps
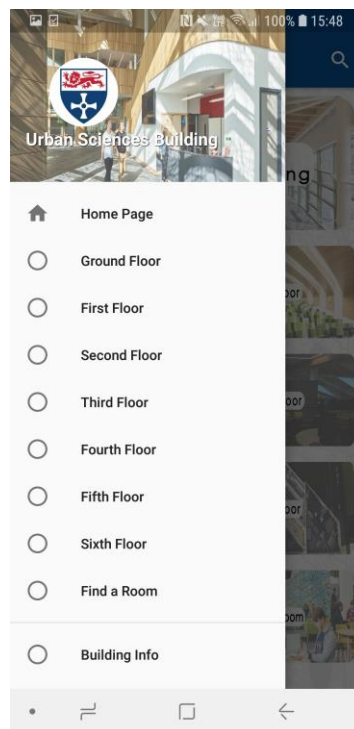

To View Floor Maps first navigate to the floor page of the floor you want to view the map of.

Once on the floor page, press the button labelled "Floor Plan" near the top of the page.

The floor plan for that floor should show up on the screen, there you can see the locations of all the rooms on that floor, you can also zoom in and out for ease of viewing.
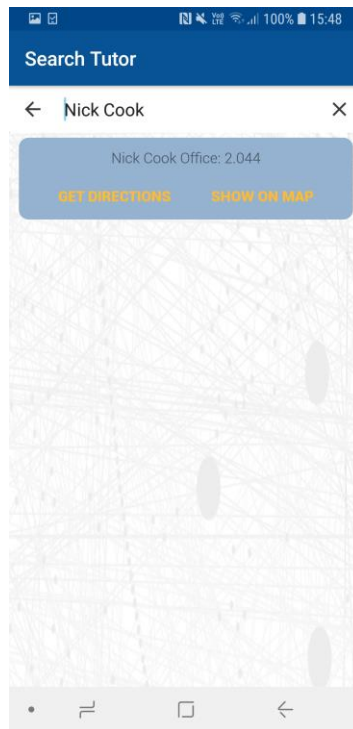

Search Room

To search for a tutor or a room, first press the magnifying glass icon on the top-right of the screen to open the search page.

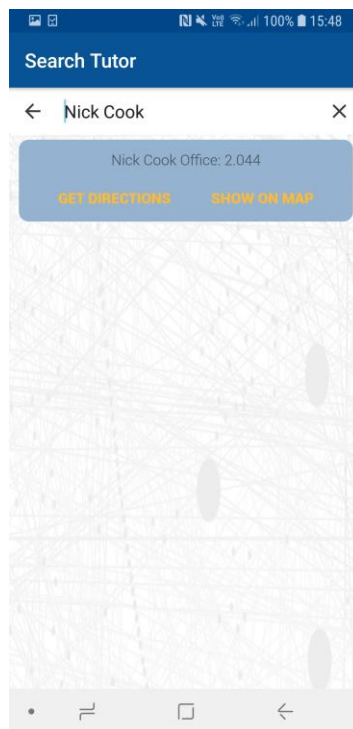

Once on the search page, press the search bar near the top of the screen and enter either the room number or tutor name that you are looking for and press enter.

The location with associated tutor (if applicable) will be displayed on the screen on its own or in a list.

Location of Room

To view the location of a room on the floor map, first search for the room you are looking for.
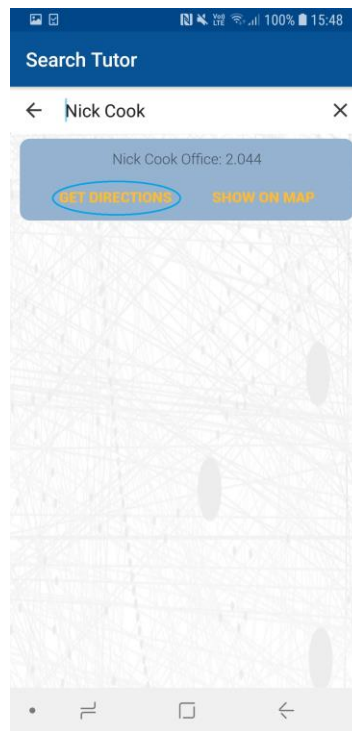

On the results, you should see an orange button in the box associated with the room or tutor you searched for labelled "Show on Map"

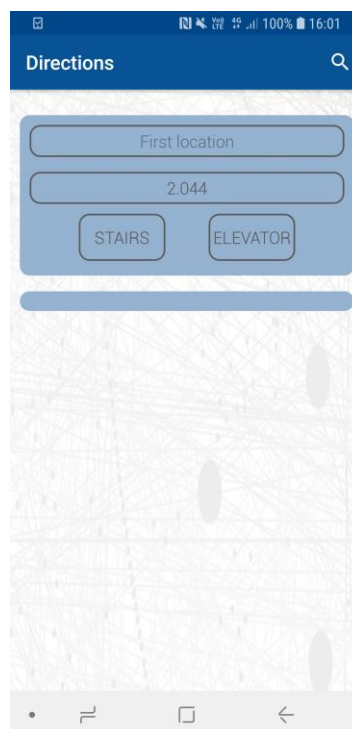

After pressing the "Show on Map" button, the floor plan for that floor will show up with the room you are searching for circled on the map.
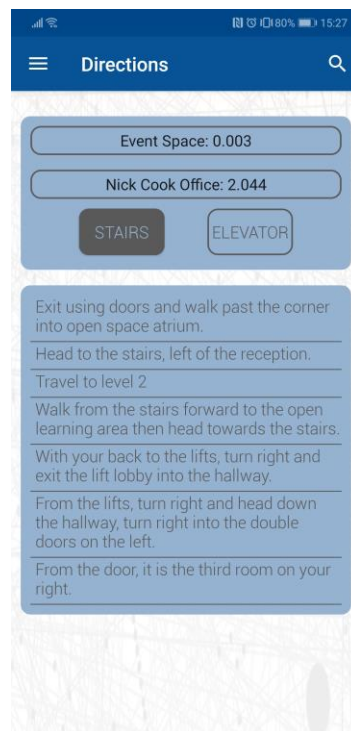

Get Directions

To view the location of a room on the floor map, first search for the room you are looking for and press the button labelled "Get Directions".

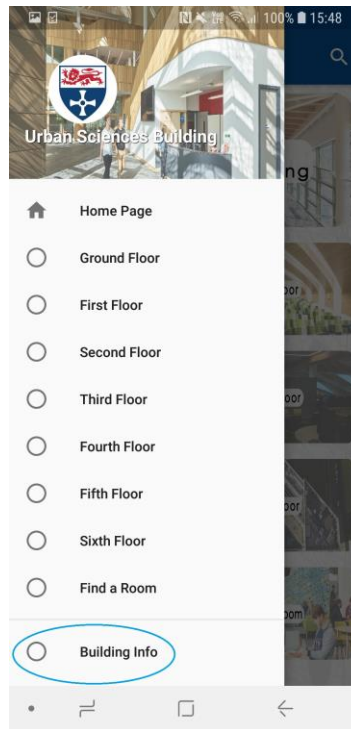

From there you will be asked to enter the start location or get directions from the lifts or from the stairs.

≡	**Directions**	🔍

Event Space: 0.003

Nick Cook Office: 2.044

STAIRS   ELEVATOR

Exit using doors and walk past the corner into open space atrium.

Head to the stairs, left of the reception.

Travel to level 2

Walk from the stairs forward to the open learning area then head towards the stairs.

With your back to the lifts, turn right and exit the lift lobby into the hallway.

From the lifts, turn right and head down the hallway, turn right into the double doors on the left.

From the door, it is the third room on your right.

Afterwards, the screen will display a list containing step-by-step instructions directing you to the room that you are headed to.
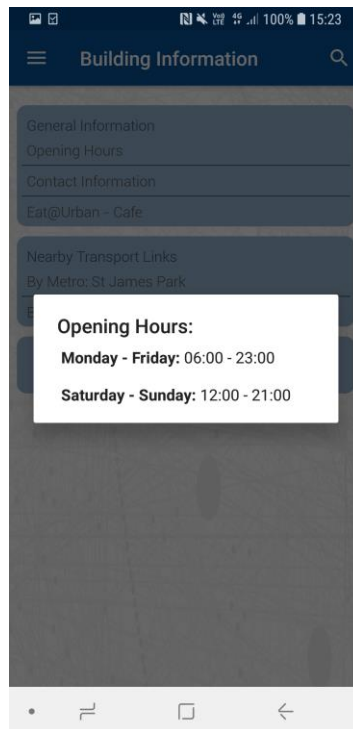

Opening Hours

The Opening Hours can be found on the building information page which can be accessed via the menu that comes up when you press the hamburger icon on the top left of the screen or swiping left-to-right. The building information page can then be accessed by pressing the button labelled "Building Info" at the bottom of the list.

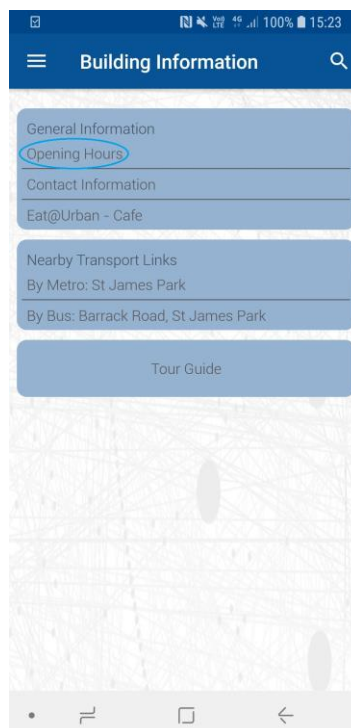

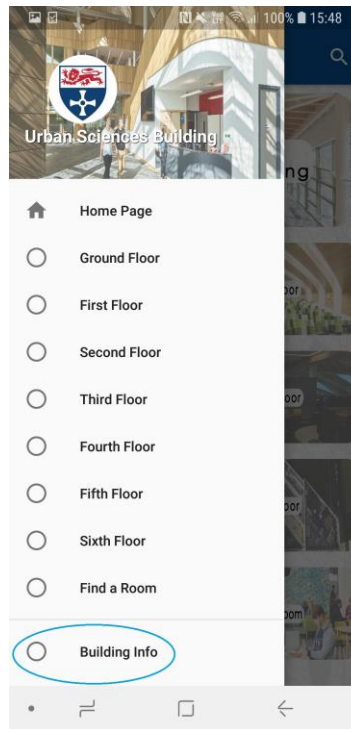

Once on the Building Information page, in the "General Information" section near to the top, press on the text labelled "Opening Hours"
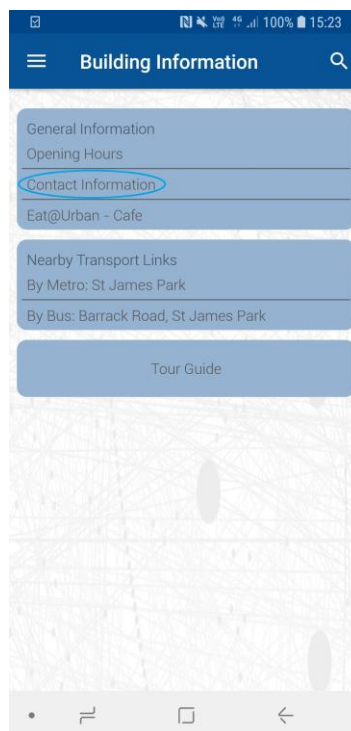

Your screen should now display the opening and closing times of the Urban Science Building.
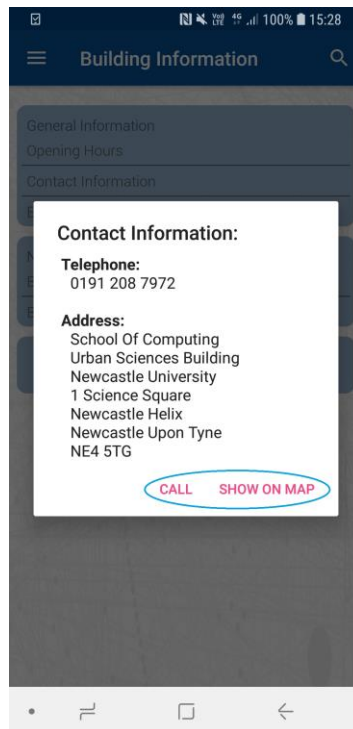

Contact Information

The Contact Information of the Urban Science Building can be found on the building information page which can be accessed via the menu that comes up when you press the hamburger icon on the top left of the screen or swiping left-to-right. The building information page can then be accessed by pressing the button labelled "Building Info" at the bottom of the list.

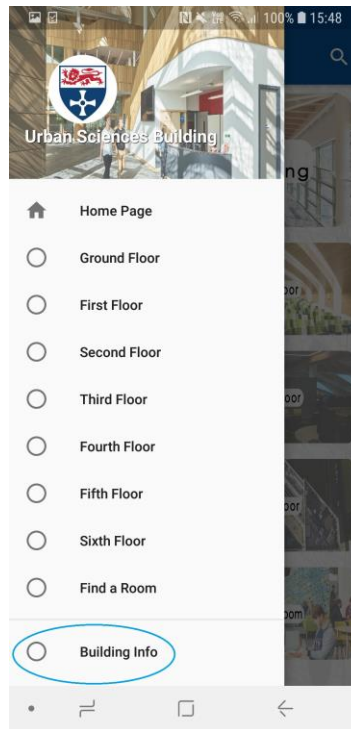

Once on the Building Information page, in the "General Information" section near to the top, press on the text labelled "Contact Information"
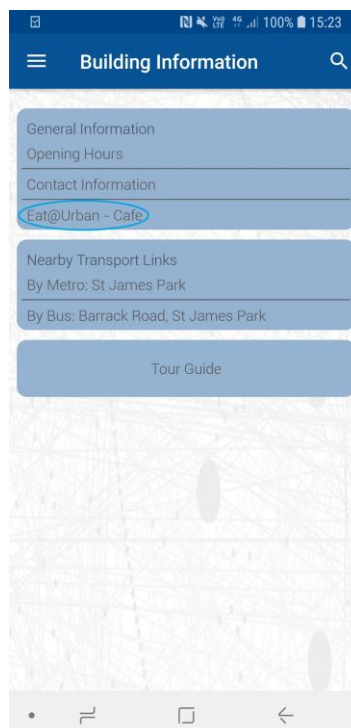

Your screen will now display the Telephone Number and Address of the Urban Science Building. You will also have the option to call the number and show the location of the Urban Science Building on a map.
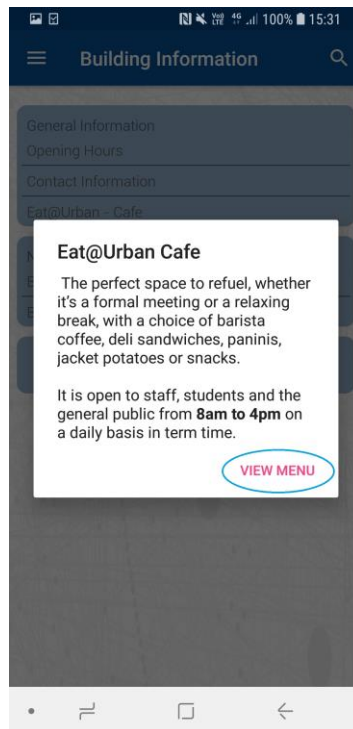

Café Menu

The Café Information and Menu can be found on the building information page which can be accessed via the menu that comes up when you press the hamburger icon on the top left of the screen or swiping left-to-right. The building information page can then be accessed by pressing the button labelled "Building Info" at the bottom of the list.

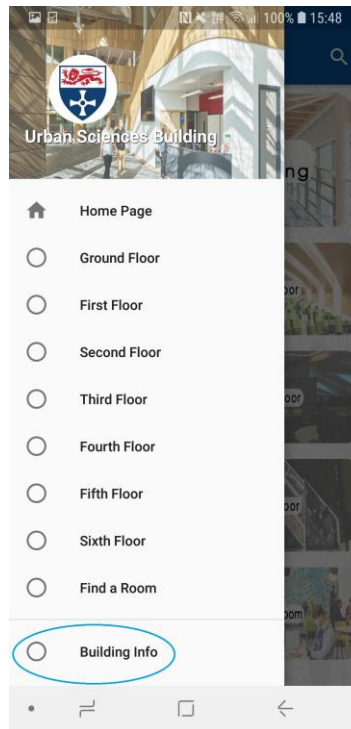

Once on the Building Information page, in the "General Information" section near to the top, press the text labelled "Eat@Urban - Cafe"

Your screen will now display information about as well as the opening and closing times of the café in the Urban Science Building. You will also have the option to show the menu of the café including prices.

Transport Links

The Transport Links can be found on the building information page which can be accessed via the menu that comes up when you press the hamburger icon on the top left of the screen or swiping left-to-right. The building information page can then be accessed by pressing the button labelled "Building Info" at the bottom of the list.

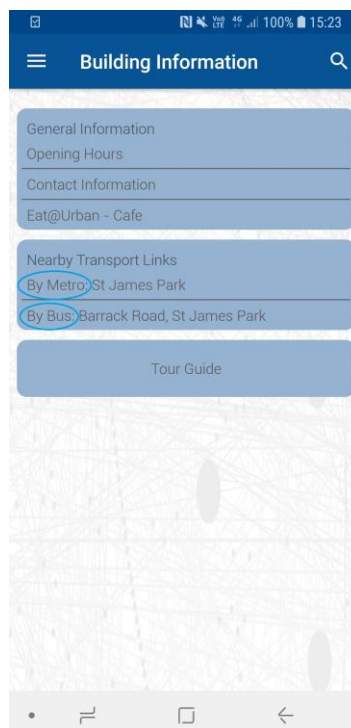

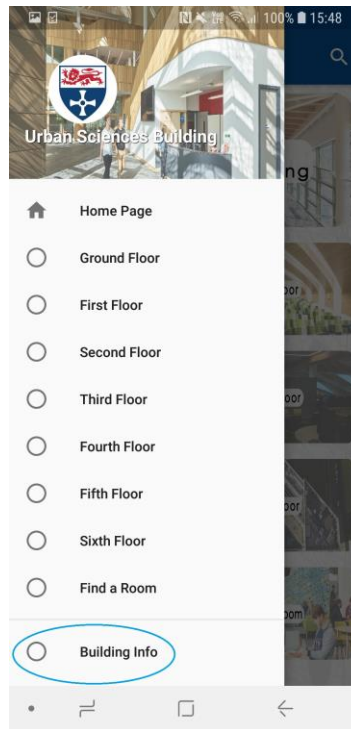

Once on the Building Information page, in the "Transport Links" section near to the top, you have the option of the Metro or the Bus.

Pressing either of those options will display a map with the location of the nearest metro station or bus stop to the Urban Science Building. Above is the map displaying the location of the nearest metro station.
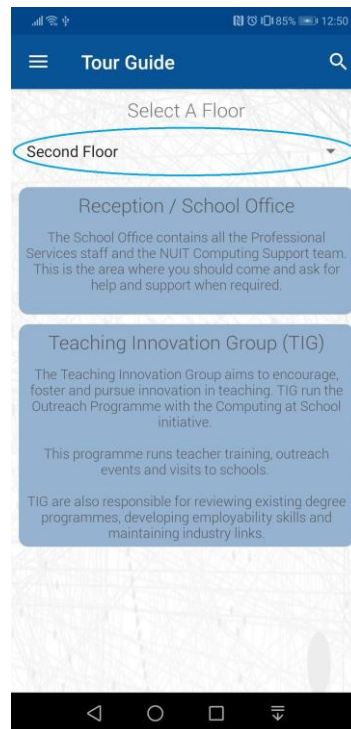

Tour Guide

The Tour Guide can be found on the building information page which can be accessed via the menu that comes up when you press the hamburger icon on the top left of the screen or swiping left-to-right. The building information page can then be accessed by pressing the button labelled "Building Info" at the bottom of the list.

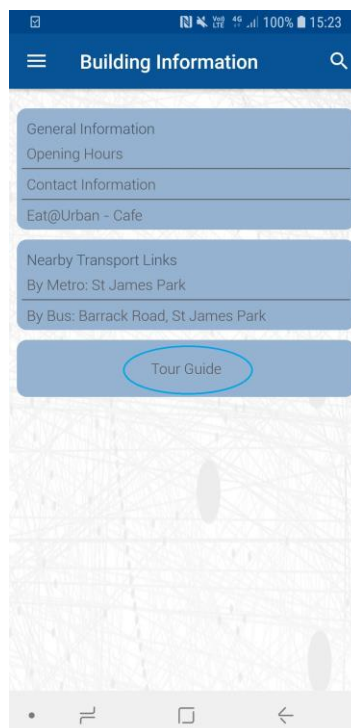

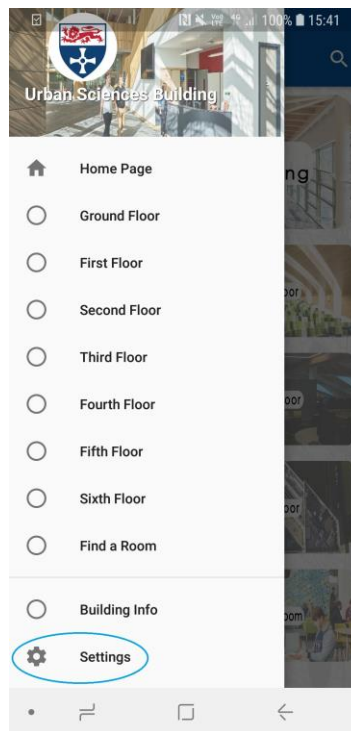

Once on the Building Information page, press on the button labelled "Tour Guide" on the bottom of the list of options.

Your screen will now display the Tour Guide of the Urban Science Building. Navigate via dropdown menu indicated by the arrows on the top right, each floor has some information in this dropdown menu.
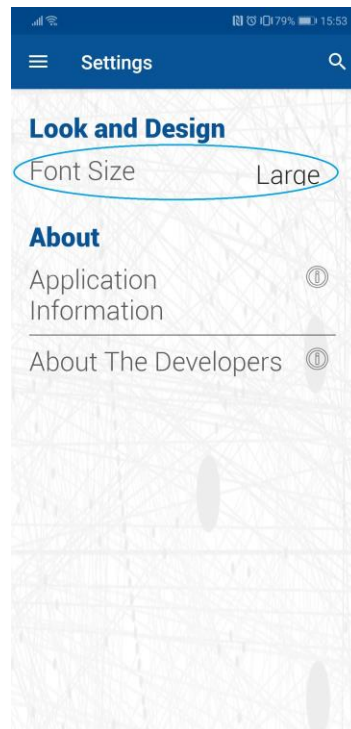

Settings

To Access the settings, access the menu either by pressing the hamburger icon or swiping left-to-right on the screen. Then select the option labelled "Settings" with the gear icon on the bottom of the list.

The screen will display a slider allowing you to change the font size of the app, as well as options to display information about the application or about the development team.

To change font size, click the highlighted text and select a size on the dropdown. The image above is showing the font on the large setting.
